

It's Hurricane Season.

***Are you
prepared?***

4 Things to Ask

Before The Storm Arrives

- 1.** How would you access hardcopy and electronic records after a hurricane?
- 2.** Do you have a plan in place for your staff to work from a different location if your building or office is damaged?
- 3.** Do you have electronic copies of vital documents that can be accessed after a disaster?
- 4.** How would your clients reach you after a disaster?

Stevens & Stevens Is Your Solution

Our facility is specifically designed to house your sensitive business records and electronic media.

- Meets or exceeds all local and Southern Standard Building Codes
- Meets all Southern & National Standard Fire Prevention Codes (NFPA)
- Walls are 9 ½ inches thick concrete, reinforced by two layers of steel re-bar and designed to withstand 150-MPH sustained winds
- Access and fire protection systems are multi-layered & monitored 24 hours a day
- Power source is backed up by dual 50kW diesel generators. In the event of a power outage our systems automatically switch to generated power
